Who Should Come

Elevate offers a safe and fun week of activities during those boring days of summer. Elevate has a wide variety of activities which challenge students to step up to the next level – physically, mentally, and spiritually. The week will be the most fun they will have had all summer!

Who Can Come

All students who have completed 5th grade through 8th. There is no special requirement for any certain level of skill or development. The staff is trained to meet each student where he or she is and help raise them to the next level.

Who To Contact

For more information, contact Cliff Roberts at (303) 499-3553 or Elevate@ebbc.co
